Navigating the Portal

Student Home

- On the **student home** dashboard, you can see a weekly summary with the option to view **homework** and **lesson plans** as well as current **grades**.
- **Student Home Options** (Image on page 2)
 - To switch students, use the dropdown menu labeled student in the upper left corner.
 - Scroll down with the scrollbar to see more information in the weekly summary.
 - Choose the quarter from the tabs in the classes window.

- Click directly on a number grade to view the gradebook and see assignments. (Kindergarten through Grade 3 do not have gradebook grades.)

World History I	92	Hicks, Kimberly

- This will take you to the **Class** page. The menu bar at the top of the page has important information including **Homework**, **Homework Drop**, **Lesson Plan**, and **Resources**.

- Class Page Options**
 - You can switch between your student’s classes by clicking the **Select a Class** drop down menu at the top of the class page.
 - The **HW Drop** tab can be used if your student needs to upload a file for an assignment to the teacher.
(Image uploads should be in .png, .jpg, or .pdf file formats.)
 - The **Resources** tab will contain any additional documents not already included in the lesson plans by the teacher.
 - NOTE:** There is also a **Web Test** tab that will appear on this screen. **Web Test** is only visible when a student is logged in to their own account AND when the test has been made “active” by the teacher.

Most Common Troubleshooting Issues

- It is suggested to use the **Google Chrome** browser for the best experience. Safari and other browsers should still work with FACTS, however the experience may be limited.
- If you are having trouble logging in, try [clearing the browser cache](#).
- If your student is trying to take a web test, make sure they are logged in to their own account. Then check with the teacher to make sure the test is “active”.
- Turn off “live photo” mode before taking a picture on the iPhone to make sure the image saves in .jpg format and not HEIC. (Image to the right)
